

Security Top Spine Label (with Bar Code)

(for DVD Case & Standard Jewel Case)

Used for: Customers requiring UPC Bar Code on label

Note: Drawing not to Scale

- Label stock material is supplied by 'Conectiv'.
- The spine label format shown will be used for **all** customer products unless a specific format other than the one shown is specified on the packaging work order instructions.
- Conectiv will modify Title typeface size as required in order to provide adequate fit (normally 0.28" height & 0.13" width).
- Label Thickness: 1 mil
- Typeface is a scalable font.
- Not recommended for FLP Snapper
